

MANAGED SERVICES /full-featured, expertly managed solutions

**Free yourself and your staff
from repetitive, time-consuming
technology tasks.**

Your employees should be doing what they do best, not handling IT issues.

With the help of Grey Matter's Managed Services, you can eliminate the hassle of managing your hardware & software infrastructure. We become your very own IT department, and your business can leverage up-to-date technology without the headaches that come with acquiring and maintaining systems.

With our services, you enjoy full-featured, expertly managed IT solutions. Should something happen, a 24/7 support team is ready to help. Our practices are SSAE 16-compliant, utilizing only ITIL best practices — one of the many standards for world-class managed services providers. All our services are available for a low, flat monthly fee, so you can worry less and save more.

MANAGED SERVICES BENEFITS
